1. Respective responsibilities of the body and the auditor

This smaller authority is responsible for ensuring that its financial management is adequate and effective and that it has a sound system of internal control. The smaller authority prepares an annual return in accordance with proper practices which:

- summarises the accounting records for the year ended 31 March 2017; and
- confirms and provides assurance on those matters that are relevant to our duties and responsibilities as external auditors.

Our responsibility is to review the annual return in accordance with guidance issued by the National Audit Office (NAO) on behalf of the Comptroller and Auditor General (see note below). Our work does not constitute an audit carried out in accordance with International Standards on Auditing (UK & Ireland) and does not provide the same level of assurance that such an audit would do.

2. 2016/17 External auditor's report

Except for the matters reported below on the basis of our review of the annual return, in our opinion the information in the annual return is in accordance with proper practices and no other matters have come to our attention giving cause for concern that relevant legislative and regulatory requirements have not been met.

The Accounts and Audit (England) Regulations 2015 require the Responsible Financial Officer to certify the accounting statements and the Council to approve the Annual Governance Statement prior to council approval of the accounting statements. The annual return we received to audit was not approved in accordance with regulations because the accounting statements were approved on 15 May, the Annual Governance Statement on 12 June and the RFO did not certify until 10 July 2017. The Council answered yes to the assertions in the Annual Governance Statement relating to compliance with regulations. In 2017/18 the Council should put in place arrangements to ensure that it can meet its financial reporting responsibilities by the due date.
